Company benefits are profitable even in 2024

Employee benefits are tax deductible benefits and still the most advantageous form of remuneration. Leisure benefits are not subject to tax. This is up to the annual limit, which is set at CZK 21,983.50 for 2024.

Tax advantages

Leisure time benefits continue to remain this year, with some changes due to the **government's consolidation package**.

What are these changes?

- ✓ Tax-advantaged benefits are up to a total annual limit of 21,983.50 CZK.
- ✓ All leisure benefits are added to the limit (eBenefity, Unišek+ vouchers, as well as contributions to children's camps or Multisport cards).
- ✓ It does not include pension and life insurance and supplementary insurance, refreshments at the workplace, car for personal use, Lítačka or Inkarta.
- ✓ The limit of 20 000 CZK/year for recreation, trips and children's camps has been abolished.
- ✓ The requirement that the benefits must be non-monetary remains.

And because Up's benefits are well thought out, you don't have to worry about exceeding the limit. The Můj Up app keeps track of it for you.
